SAE
AA Audio Engineering 2015
Valedictorian
Nashville, TN

Projects

Allay
A platform that provides Lambda School students candid company or interview reviews from alumni to prepare students for job searching.
Tech Stack: React Hooks | Redux | Chakra UI | Node.js | Express | Knex | postgreSQL | Okta
- Built to the specifications of our client based on the designs provided by our UX designers
- Remote team of 6 full stack developers and 2 UX developers over the course of 8 weeks
- Worked as a full stack developer as well as team leader to help guide production and keep the release on time
- Created a messenger style form based on timers and automation to give to experience of messaging a live representative
- Pair programmed on several aspects to create a cohesive app
- Front end REPO : https://github.com/Lambda-School-Labs/allay-fe

Chakra UI Inventory App
Full stack platform to add inventory for a car dealership.
Tech Stack: React | Axios | Chakra UI | Node.js | Express | Knex | Jest
- Crafted a clean minimal UI to accomplish adding an item to inventory
- Built the API to specific requirements with validation middleware
- Front end REPO : https://github.com/spencer-mcguire/webdb-ii-app
- Back end REPO : https://github.com/spencer-mcguire/webdb-ii-challenge

Create-React-App Template
An NPM distributed template for Reacts create-react-app.
Tech Stack: React | Redux | Chakra UI | Custom middleware
- Architect the application with Redux devtools as well as everything needed to create a scale-able application
- Included Chakra UI to facilitate quick styling utilizing tailwind CSS
- Distributed on NPM for quick deployment
- REPO : https://github.com/spencer-mcguire/create-react-app

Lendr App
A platform designed to allow people to easily share items with their friends while keeping track of where their items are.
Tech Stack: React | Axios | Styled Components | Jest | Greensock
- Collaborated with a cross functional team of developers to build a cohesive application
- Followed guidance to produce a working application from planning to production in 4 days
- Deployed React Hooks to architect a readable and maintainable application
- Front end REPO : https://github.com/Build-Week-Lendr

Employment

Lambda School   Remote
Team Lead   Feb. 2020 to Current
- Providing daily feedback and issue resolution of all curriculum through slack help channel or code review
- Mentor 8-10 students in full stack development and problem solving
- Delivering one-on-one feedback and code review on a weekly basis
- Leading daily stand up meetings to build camaraderie, facilitate the sharing of ideas and work progress, and provide guidance for that week's study material

City Limit Recording   Nashville TN
Owner / Operator   Aug. 2015 to Sept. 2019
- Oversaw day-to-day operations; contacted clients, engineered recording sessions, closed invoices and managed staff
- Mentored and monitored interns while creating an interesting and open work environment
- Collaborated with team leadership and other key stakeholders on key editing and production decisions
- Coordinated and scheduled meetings through out all stages of production

Lyft   Nashville TN
Brand Ambassador   Feb. 2019 to Dec. 2019
- Responsible for developing and maintaining relationships with new and existing drivers
- Lead conflict resolution between representatives and clients
- Coordinated remote new driver on-boarding
- Demonstrated enthusiastic public relations while working at different venues
